CHANCERY COURT
NO. 48419B

Sara B. McKinney _____ CLERK
DEP. CLERK

dated 9/5/2016, with Wife's handwriting visible on the bottom-right, with the following dimensions "outerhole: 3 1/2" from each inside edge of facia..." Wife drew other plans and elevations, to help Husband determine roof/soffit/facia relationships and dimensions to install throughout.

8 Alarms are normal for everyone, Husband and Wife had those at their previous home. Husband and Wife also had "No Trespassing" Signs at their previous home,

though that was primarily due to the transient rental neighborhood that the Duplex was zoned in, near Nipper's Corner.

9 The signage was for setting "boundaries". The alarm was really the only thing for "security". The surveillance cameras (which weren't monitored), were only for "accountability", after damage or intrusion was detected and researched for proof.

10 All of the electronics had something to do with the fact that both Husband and Wife like electronics, Husband more so than Wife, yet both are geeks at heart. Additionally, Husband's small business from home was in the tech industry, and Husband enjoyed learning about new technologies while installing them in his home first, to see if there might be any viability to adding that to the services he offered. Most took way too much time for Husband to ever be able to reasonably offer installation services to others. At the same time, both Husband and Wife got to enjoy a home (forever) which had built-in technologies, which neither of the parties could have ever afforded to pay third-party companies to install, administer, manage, and host. (At least not concurrently.)

m The letters to Sheriff Long and Attorney Lisa Carson, of Buerger, Moseley & Carson, PLC (Exhibit-I), though written and signed by Wife, were really a work of collaboration, where Husband participated, researched, or assisted in some capacity, even though the final communications were all written by Wife. (Husband wanted to copy the White House and most of Washington DC, so Wife insisted upon writing her own words, as she always does.)

n Husband believes that with the assistance of Wife's father, Wife undermined Husband's equity, by redirecting months of missed mortgage payments to the destination of Wife's choice. Hence benefitting Wife toward another financial need, while forcing the home toward foreclosure, and simultaneously leaving the court with no choice but to eject husband and tenants, followed by auctioning the home.

o Husband refused to render himself "homeless", without having in writing (even without lawyers), some assurance about how Husband could again afford to have a place to live. Now because of Wife's games, her deep dark strategy (Wife's brother has an MBA, and thrives on strategy challenges, while her father spent his life in Real Estate and Finance, and is infamous in their family for bankruptcy schemes and scams), allows Wife's income to decrease (as she plans), and the bankruptcy court will modify her "bankruptcy plan" to accommodate her reduced income.

p Husband insists that Wife had no legitimate need for an OP, but rather that she simply wanted the protections of a "GAG" order, along with

the opportunity to assassinate Husband's character and continue with her fraudulent narrative), was fully armed at all times, with both her Glock .40 caliber handgun, which she keeps inside her purse (it is under the seat of her car, while in court) and a large law-enforcement quality, pepper spray cylinder, attached to her keychain. her and Husband requests that the OP Ex Parte be abolished, as it was fraudulently requested, under fraudulent pretenses, for purposes other than which it was designed, as a sweeping order to provide physical safety to those in jeopardy of physical harm.

q One of the realities which Husband understands in life, is if someone calls the police and says (with panic), "Help! I'm scared that my Husband (brother or friend) might publicly expose the TRUTH about me online, along with the substantiating proof." That the police don't usually rush over to arrest, restrict, or confine the perpetrator.

r However, if you simply change a couple of words to say (with panic), "Help! I'm scared that my Husband (brother or friend) might physically harm me." In that event the police will probably rush right over, intervene, arrest, warn, restrict, or confine the perpetrator.

i At which point, if you can obtain an Order of Protection, or a Temporary Order, you're not only protected from physical harm (which was never really a concern).

ii You also are protected from a host of other concerns, since the "perpetrator" has had some of his basic constitutional rights revoked, as a result of the tiny lie which you told the police.

iii Husband has seen this abused more than once, and so has Wife, and people know the power which this one tiny lie can yield over others.

iv It is for this reason, that during Husband's research, that an Order of Protection is commonly referred to as "the second most oppressive and abused piece of legislation" used against the American people. It is also commonly referred to as "the nuclear bomb of divorces." Husband can personally attest to the accuracy of both of those descriptors.

s Even though Wife has convinced herself (and everyone within her circle of influence), that she is the victim here, really many of her "actions" (as opposed to Husband's "words") have been extremely aggressive, even violent, in a non-physically threatening way. Wife's unilateral choices, without a moment's notice, warning, or any opportunity to course correct, have financially devastated the family, and rendered all their property virtually worthless.

t Husband accepts his share of blame in all matters. Husband knows that he is neither a victim nor an abuser, he is something rather broken, in between.

u Husband had many opportunities to course correct without accurately recognizing what season he was in, and without Wife ever informing Husband that she is really even considering a divorce. Husband knew that they were in a storm, but he believed the storm to be primarily

financial, with a relatively short cure-time. Believing that once the financial stress was gone, that everything else would automatically find a significant measure of relief.

w Throughout marriage, Husband felt as though he could never “catch-up”. Between Husbands ADHD (challenge with focus) and OCPD (a need to do tasks excellently, or not at all), Husband never seemed to be able to “catch-up” to Wife (Exhibit-A). Wife appears to be counting upon that, with her divorce tactics now. To keep running, and running, and running. If Husband ever has the time and resources, he can disprove every false claim of Wife, which is why she is intentionally hitting him as hard and repeatedly as she can.

x The simple thing which Wife apparently doesn’t see, is if she worked “with” Husband a little bit, to help him reach some level of financial, vocational, or residential stability, Husband would make his way on his own. Never as quickly as Wife. Never nearly as fruitful or prosperous as Wife. But that is life. Husband wants to be “free” as badly as Wife does. He just hasn’t had the time to fight these litigious battles while trying to reinvent himself at 50 years old. Husband can handle one major project or challenge at a time, If Husband is to move, then Husband needs 2-3 weeks

with nothing else in the World to focus on besides moving. Likewise when he gets moved, he will need a couple of months to get sorted in his new environment, adjust to massive social and economic losses, and try to find some job to help buy food until he can improve his vocational training, to where he could be functionally independent again.

y Husband doesn't want to "use" Wife as she and her family believes. Husband made more money and had significantly more property than Wife when they met. Husband was never attracted to Wife because of her MIT degree or her professional future, she didn't have a dime when Husband met her, and was actually \$15k in debt to her mother from her previous divorce.

z Husband's foundational belief is that both Husband and Wife reached this state of brokenness together, so they should work their way out of it together also, rather than poaching off of Husband's poor elderly mother, at the age of 50 years old. Husband's mother was primarily a single parent "nurse", with five children. Every penny Husband's mother has, is because she denies herself basic luxuries which Husband still enjoys daily, even though Husband is penniless, unemployed, largely unemployable (due to speed and specificity, along with outdated vocational skills and experience), and soon to be homeless. Please see the letter left to Husband and his mother's best friend and husband, regarding what she had saved her money for, since both of her parents got dementia as they aged (Exhibit-J).

aa After October of 2018, when the Court schedule was mostly full, through the end the year, Wife refused to “settle”, saying that since she missed-out on the tax write-off, which was grandfathered for all who finalized their divorces prior to 2019. Wife has refused to work with an independent third-party by any means since. The reality is that \$120k in alimony over the next six years, is a lot scarier to Wife than throwing away our equity in our home, than paying a lawyer \$20k-\$40k to fight a “contested divorce”, or even than filing bankruptcy herself, in the end. Earning slightly less than a six-figure income and filing bankruptcy over \$50k in debt. Husband is the opposite, has never had over a \$50k per-annum job, and has around \$100k of debt legally in his name currently. While Husband’s last retirement investment in his home, is being essentially forced-out by fraud... again.

bb has ardently refused to perform with unfounded concerns unsubstantiated Wife would request that the OP be made permanent and that Husband be required to pay her attorney's fees for having to bring this Motion.

3. Husband has a sleeping disorder, which Wife believes to be “Non-24”, that she learned about during one of the narcolepsy conferences which she attended. Husband never saw any confirmation regarding Wife’s walk-through confirming any time or date for the walk-trough, since it was so short notice (Husband has told his counsel, that he requires at least twelve hours’ notice prior to any commitments or meetings, because Husband is often awake all night, and sleeps all day. Such was the case in this instance.

Husband awoke around 3am to find information in his email about the appointment, after the scheduled date and time had already concluded, twelve hours prior. (Husband is often awake for 24 hours, then sleeps for 12 or 16. Husband must always know before going to bed, when he has any appointments or obligations the following day. , until after the time scheduled by Wife's counsel, while falsely claiming that I had confirmed the appointment time and date.

a Despite the complaints from Wife's counsel about Husband trying to delay or obstruct the walk-through or the auction in any way, that is completely false. The court order never mentioned anything about the Auctioneer accompanying Wife and her counsel during this walk-through. This walk-through per court order, was supposed to be completed much earlier, with a subsequent list of items which Wife wants to keep (determined during the walk-through, which was the purpose of the walk-through, as well as for Wife to ensure the condition of the property). Wife's counsel sent a list prior to the walk-through in an attempt to comply with the court order, but completely failing to meet the 10-day deadline for the walk-through, plus to provide to husband the subsequent list. Nobody informed Husband about the accompaniment of the Auctioneer, or any other parties beyond Wife and her counsel. Any other arrangements were at the fault, and outside the control, of Husband. To this day (8/27) Husband has been told that Wife is still compiling a more comprehensive list of personal property, which she established during the walk-through, yet even

though it was legally due by court order on August 11th, Husband has still never received any such document since the inspection.

b Husband made every attempt to communicate quickly and accurately with Wife's counsel to help schedule this, even going so far as copying her directly in Husband's emails to his counsel to ensure that his messages were getting relayed to Wife's counsel in the quickest possible fashion (for which Husband was reprimanded both by his counsel and wife's), but Wife's counsel still totally dropped the ball on this, while again aggressively blaming Husband and filing a complaint with the court.

i This is simply another example of litigious "bullying", which is completely inappropriate, harassing, abusive, unacceptable, and illegal.

ii Husband respectfully requests that the court order Wife and her counsel, to be less litigious, to work cooperatively with Husband toward solutions benefitting both parties, rather than filing inaccurate, twisted, false, and condescending motions, to hijack, oppress, and injure Husband, both in respect to the financial injury which he has suffered to date, of nearly \$13k in legal fees, without even beginning his divorce, as well as injuring husband's physical and emotional, needing to figure out how to reply to these often fraudulent motions, under the threat of incarceration should he fail. Meanwhile, if Wife and her

counsel really want to sell the marital residence, then Husband both needs and deserves enough time to pack his possessions (all 3,000 SqFt of them) and move to Michigan. This will take an absolute minimum of two weeks to simply be ready to vacate the property, which Husband wants to do prior to the auction.

1 As such, Husband requests an extension for the sale date, as well as for the dates for Wife to remove her personal property, so that Husband will not again be forced to vacate his residence, when he needs every available moment for packing.

2 Husband requests that the court order a two-month moratorium on any deadlines and court filings on this docket, including all motions, petitions, etc... with the only exception being if Husband fails to vacate the property by September 15th.

3 This time is needed with Husband's handicaps, so that he can focus on his move, and have any chance at completely evacuating the property by September 15th.
(Provided the court approves.)

4 This would allow the minimum time required both to pack and prepare to move, while allowing husband to break-down his office and complete the move to

Michigan, without fear of concurrent litigation being filed, forcing Husband to redirect all energies to meet the emergency legal demands.

5 The move will require Husband to obtain significant storage space, and will require a lot of physical assistance, for weeks, to just begin to get settled, while moving into Husband's mother's small basement in Michigan.

6 After which Husband will need to assemble office furniture, and rebuild his network, get his server up and running, etc... during which time Husband will have no access to any of his files and records related to this divorce.

7 Consequentially, until this move is completed, Husband will be physically incapable of responding to court filings without Wife first winning default judgments, which is absolutely unfair.

8 Should the court not find this two-week auction deadline extension agreeable, or the two-month moratorium on all court filings so that Husband will have the time needed to move, then Husband will be forced to remain in Tennessee throughout the Auction,

and require additional financial assistance to do so, now that Husband's tenants have been evicted by the court.

a As per court order, there are no more rents coming in, plus Husband was forced to return tenant deposits, which he had used to merely survive, Husband is now behind on all the utilities for the property, and requires some emergency financial assistance from Wife, immediately, if the court will allow. Otherwise Husband will be forced to turn-off all utilities upon vacating the property, to not run up more debts in Husband's name than necessary.

b The utilities run approximately \$400 per month, plus with the loss of \$1,400 in rental income, which just barely allowed Husband enough money for food, gas, meds, and to pay the utilities, Husband requests some immediate emergency financial relief from Wife, in the amount of \$1,000 now, to bring the utilities current and to provide Husband with enough money to purchase food and his basic essentials, from now until September 15th, when Husband vacates the property to head to Michigan.

c Husband is temporarily borrowing the money for the move from his mother, expecting that cost to be around \$3,000, plus the cost of monthly storage. Husband requests the court to reimburse this expense to Husband's mother, immediately upon the sale of the home, from the Husband's portion of the remaining equity.

d Husband also requests the court to order Wife to transfer all the utilities back into her name immediately, or if the court and the Wife prefer, to order Wife to pay Husband an additional \$500 prior to 9/5/2019. to leave the utilities on in the Husband's name, through the auction, up until closing, provided that all takes place within our current timelines.

e After the move, Husband respectfully requests that the court order Wife to begin paying Husband \$500 per month again, adjusting her bankruptcy plan as needed, as temporary support, to help cover the cost of Husband's food, so not to further burden Husband's mother financially.

f Of these monies listed above, Husband respectfully requests that only the costs of moving and storage, be deducted from Husband's share of the sale proceeds, as the rest is believed by Husband to be the minimum due Husband from Wife, under Tennessee law, to help partially support Husband, until a full and final divorce decree can be reached, along with hopefully a corresponding alimony agreement, which Husband sincerely hopes the court will grant him, so that Husband will have an opportunity to obtain vocational rehabilitation and one day become financially independent again.

9 Should the court be agreeable to extend the deadline of the auction for two-weeks, and to the two-month moratorium on all court filings, provided that Husband vacate the property by September 15th as proposed, then Husband requests that the court all the Wife to handle all communications and interactions with the Auctioneer, after September 15th, once Husband has vacated the property.

10 In such event, not out of any disrespect for the court, obstinance, or belligerence on the part of Husband, nor due to any resentment toward the court, Wife, or this process, Husband respectfully requests that by court order, (not a POA or Quit Claim Deed, which Husband must sign), the court executively provide the Wife with the authority to completely sell the property, without the need for any signatures or participation by Husband.

a To frankly explain the reason this is so important to Husband, again, it is out of no act of disrespect, rebellion or defiance, it is simply a matter of beliefs. Husband believes that by providing his signature, that he is approving of the transaction which he is signing for.

b While Husband believes that he is being robbed of his home, and any opportunity to take over payments and try to keep it, by Wife's fraudulent default on the mortgages performed months ago by Wife, without providing Husband with any notice, while refusing to even reply to Husbands questions on the matter.

c Husband does not blame court for this, but Husband absolutely feels as though he is being robbed of most of what he has worked for in his life. Regardless of the auction sales price, or the amount of final alimony Wife is ordered to pay Husband (should alimony be awarded), Husband will never, in his lifetime, have the opportunity to enjoy this standard of living again. With all the unique characteristics which this property naturally possesses, as well as those which Husband spent nearly a decade building and constructing on the property, for the family's home forever. Husband recognizes this as a once in a lifetime chance for both the Husband and Wife, which now they have foolishly forfeited.

d Husband tried with every ounce of his being to prevent Wife from forcing this outcome, but with the mortgages in Wife's name, Husband ultimately was powerless over monitoring their status. At the same time, without some serious training, followed by a full-time job, and a few years of advancement, there is no way that Husband could have proactively paid the

mortgages, just “in case” wife wasn’t continuing to pay those bills, as she had been. Without absolutely any notice to Husband that her financial situation had changed, even if legitimate, which Husband highly doubts. Regardless, with timely notice from Wife to Husband, that their jointly owned asset was at risk, Husband could have worked towards finding a solution to help cure that financial shortfall, prior to reaching the point of default.

e Yet Wife stole that opportunity from Husband, and as such, suffering a loss of a lifetime, without so much as a hint in advance, Husband wishes to play no part in the final moves of Wife’s schemes, to abandon and financially undermine Husband, costing Husband the largest loss of his lifetime, [REDACTED]

[REDACTED]

f The original plan was to leverage the Duplex to help with the \$100k of improvements we made to our Sunnyside home within the first year. I then knew that we had five years before the Duplex \$30k 2nd mortgage balloon note would be due.

g So, the plan was after the improvements were completed at Sunnyside, after a couple of years of appreciation, we would refinance the second on Sunnyside to pay off the second on the Duplex. But it didn't work out that way.

4. Per court order, both the Wife’s walkthrough and thereafter her list of personal property which she requested from the marital residence, were supposed to both be completed within 10 days of the August 1st hearing date. That means that per the order of the court, the deadline for both of those tasks to be completed was on 8/11/2019. Ms. Story never even contacted Husband’s counsel to begin scheduling the walk-through until 8/12/2019, already missing the deadline, requesting the walkthrough on the on the 13th or 14th, days later after the court ordered deadline. Yet Wife’s counsel still finds it necessary and appropriate to legally blame, bash, and harass me with her litigious accusations, twisting information to make me sound as if I’m the party who failed to adhere to the timelines ordered by the court. Again, Husband respectfully requests that the court take action to discipline Ms. Story, to correct her actions, and change her future narratives to much less frequent and less hostile, and to work on improving her accuracy some, while reducing her slander of Husband’s name and his character, both which Husband finds highly offensive, and which is harmful to Husband’s mental and emotional health.

a Husband respectfully asks the court to please not allow Wife back on or inside the marital property, unless the court should choose to first terminate the Order of Protection Ex Parte, obtained by Wife’s completely fraudulent testimony, so not to interfere with Husband’s packing, by forcing Husband to vacate his home again, prior to either his move by September 15th, if approved by the court, or until after

the auction is finalized and the court provides Husband with the funds from the sales proceeds, necessary for Husband to move and obtain lodging here locally

5. Husband respectfully requests that he be awarded all his attorney's fees hence far, totaling around \$13k, most of which Husband borrowed from his elderly mother, as Husband has not even reached responding to the divorce complaint yet, but all \$13k in legal costs have been exhausted simply to protect Husband from the harassing, abusive, false, and fraudulent claims of both Wife and her counsel. both Wife and Wife's Wife requests that she be granted attorney's fees in this cause to be paid from Husband's share of the proceeds as he has failed to abide by his agreement as well as the lawful

Orders of this Court.

6. To date, absolutely no delays of process have been due to the fault of the Husband, despite the deceitful claims of Wife and her counsel. Husband's first counsel failed to perform, though Husband was promised a draft to his Answer & Counter Complaint, which Husband has still never seen to this day. Absolutely no documents were filed, except for an extension to the temporary OP, so that Husband could gather a shocking amount of evidence, to hopefully dissolve the matter, but the continued failures to perform by Ms. Gates, forced Husband to borrow another \$5k from his mother to hire Husband's second set of counsel, with only two work days remaining to respond to both the fraudulent OP claims, as well as the order to sell my home. The two largest decisions in my life to date, with only two days to respond, while Ms. Story absolutely refused agree to an extension for my incoming counsel, in either of the monumental and immediate matters. As such I see not why she is carrying-on about any delays or failure to perform on my part, except again to assassinate my character and to litigiously harass and abuse me.

a I respectfully request that the court order Ms. Story to attend a legal ethics class, to encourage her to be more honest, sincere, and kind in her legal motions. Such abuse by legal process is absolutely barbaric and intolerable.

b Husband prays that the court will defend him in regard to Ms. Story's abusive treatment, and/or that she be replaced by another member of her firm in this matter, having failed to act as her office should require.

c Husband has no objection to waiving the Mediation, as Wife has made it clear to Husband that she is in no way wanting to participate in any collaboration, mediation, or any other fair, neutral third-party assisted solution, or we would be divorced by now. Wife is only interested in a judgment, and refuses to settle by any other means, despite having filed bankruptcy, and the dire financial condition of both parties.

i For the purpose or again correcting the narrative of Ms. Story's verbal attacks by legal process, Husband wants to clarify that Wife's desire to skip mediation has nothing to do with her fear of Husband, especially for the ridiculous benefit of being mindful of the safety of everyone else involved in the process. I've never been more falsely harassed by anyone, and again, I appeal to the court to please intervene.

ii The real reason why Wife has refused every attempt to sit down at the same table with Husband and work towards a fair solution, has absolutely nothing to do with Husband's words,

the intensity of his presence, or any pressure which Husband could emotionally inflict upon Wife.

iii The reason is because Husband is the one person in the entire World, which Wife really struggles looking in the eyes and lying to, about her fraudulent, victimized narrative, since Husband was THERE with Wife, and remembers vividly what really happened and what did not. In contrast, most other people take Wife at face value, seeing her obviously distraught, disheveled, and injured impressions, not realizing that the majority of what they are being told, is either a really twisted version of the truth, or an absolute lie. While the signs of abuse which she portrays, some of which are real, but are self-inflicted, and never ceasing, by Wife's relentless desire to discard Husband without a penny of alimony, vocational rehabilitation, a roof over his head, or food for his belly. Wife is absolutely destroying herself, fighting to be what she calls "free" or "independent", unwilling to recognize or accept any financial obligation, responsibility, or reparations for the impact which she has had upon the Husband's life, as it lies all in ruins now, and in two months another family will be living in the home which Husband invested the proceeds of his entire life, both financially, and in labor.

7. Husband can't apply for any insurance, until Husband has either obtained vocational rehabilitation and subsequently found gainful employment, or until Wife starts paying adequate alimony to pay for said insurance, as well as meeting some of Husband's other real financial needs, such as purchasing food, paying for meds counseling, etc... Should the court be willing to order such support for Husband, then providing the sum is adequate, Husband will be happy to apply for such independent health insurance.

8. The reality is, that contrary to Wife, Husband can definitively prove each and every word written in this response and counter motion. Husband has put forth an absolutely exhaustive effort to provide the court with some of the information which Husband feels may be pertinent to helping the court discern whether Husband or Wife is presenting the truth to the court. At the same time, this is probably 1/100th of the documentation which Husband possesses in support of his claims. The unfortunate outcome of the path which Wife has committed her life to, and is pursuing with reckless abandon, which caused her bankruptcy, which still makes bankruptcy eventually inevitable for me, as Wife continues to refuse any solution except for one appointed and ordered by the court.

As we are both completely broke, as recovery is realistically not even plausible for Husband, though his financial independence hopefully is, with some structured support and vocational training, leading to a technical certification or license in a progressive field, with vocational opportunities in the area which Husband resides. Continuing with this matter in the court is harmful to all parties, despite Wife's inability to stop injuring herself, and consequentially Husband, since Husband will never be able to focus, with his

handicaps (ADHD, OCPD, GAD, Sleep Disorder) as long as Husband's life is on trial, and due to Husband's financial shortcomings, and Wife's refusal to pay, Husband shall have no choice moving forward except to represent himself.

So at the end of the day, we can either continue as we have here today, for likely the next three years, forcing Husband to put recovery, rehabilitation, and all progress to rebuild his life on hold, until Husband no longer needs to "play lawyer", so that he can focus upon rebuilding some semblance of his life. Husband has serious concerns, about the proceeds from the sale being parked with the court for very long, since Wife's abusive and litigious counsel works right across the street from the courthouse, while Husband will not be in state or able to adequately defend himself.

Furthermore, Husband is absolutely terrified to drive over the Cincinnati bridge, as wife can well testify. (Husband has not driven over that bridge in a decade, and the last time Husband had a serious panic attack, and nearly passed out while driving a U-Haul with Wife.

So Husband's only options are either to take enough Xanax that he can probably drive over the bridge safely, to then need to shortly thereafter find a place to park and sleep it off, or to have someone else who can drive Husband over the bridge, of which Husband knows of no volunteers (mother is now too old for that drive). Therefore, due to these exceptionally complex and harmful consequences for both parties, to continue in court any longer, Husband asks that the court make an exceptional modification to protocol, and provide to Husband and Wife a full and final divorce, here today, upon the grounds of

irreconcilable differences, and determine as fair of a financial settlement between the parties as the court is realistically equipped with the information it has, including the exhibits provided herein. Should the court be willing to grant us a final divorce today, but require more time to review the abundance of documentation provided, which is honestly completely unbiased, and to issue said settlement in the near future, without requiring another court appearance, Husband would be very welcoming to such an outcome as well.

Despite Husband's real need for support in this matter, Husband needs even more to never need to drive back over the Cincinnati bridge, to continue this violent process against each other and our own persons. For reason of mental and physical health, I beg the court to end this once and for all today, to save us all the next three years of our lives, wrestling over breadcrumbs. Husband's requests for a settlement approximately half of what the parties previously discussed, planned, and verbally agreed upon, is outlined below, which Husband respectfully asks the court to consider granting. Should the court decide to grant less to Husband, then Husband shall find no need to object or file further motions, Husband shall gratefully accept whatever the court finds fair. Husband does request that the court not decide upon any judgment which can be modified, altered, or which leaves the door open for future litigation, by either party. Else Husband fears that this case shall perpetually carry on forever, costing both parties more than either party can financially, emotionally, and mentally afford.

Although settlements are typically reached between opposing counsel; due to the abusive manner in which Ms. Story has presented herself throughout her filings in this case,

Husband respectfully requests that the court make an exception here to help protect Husband from needing to sit with Ms. Story and endure her condescending narrative and tone. Instead Husband simply requests that the court make a full and final determination, without any further negotiations or litigation between the parties.

Therefore, should the court not find Husband's request to be in the best interest of both parties, as well as of that of the court, Husband is reasonably certain that he'll never realistically see or benefit from any of the proceeds from the sale of his home. As Wife's counsel and other demands nibble away at it, beyond the practical reach of Husband. Whereby losing his retirement savings, and everything which Husband has earned during his lifetime, which would be one final travesty to end this absolutely toxic divorce.

Yet whatever it must be, so be it. Husband just asks the court for fair and reasonable consideration, and to end this nightmare once and for all. So, Husband can focus on what lies ahead, returning from where he once came, but has been fortunate not to need to leave since reaching adulthood.

Should the court have any questions or need any information, please feel free to ask. Husband can be emailed directly at [REDACTED] A mountain of documentation pertaining to the marriage is available upon your request.

Thank you for accepting this late filing, and earnestly considering the plethora of complex findings contained herein.

WHEREFORE, Husband would respectfully request that:

1. The court order a full and final divorce to Husband and Wife, on the grounds of Irreconcilable Differences. The Order of Protection be made permanent and that Husband be required to pay her attorney's fees for having to bring this Motion.

2. That the Temporary Order of Protection be terminated. (Husband is willing to sign a "Hold Harmless" with Wife, which can be styled to include both of our families, our employers, etc... so to protect both parties from either defaming them or publishing anything online about them, for the rest of our lives. Not requiring yearly renewal as with an Order of Protection, and also not injuring Husband's vocational potential, like an Order of Protection.

3. If for any reason the court is not willing to terminate the Temporary Order of Protection, Husband respectfully requests that it only apply to Davidson and Williamson Counties, and that it not be converted into a full order, so not to affect Husbands employment potential. (Husband's firearms are located in a friend's gun vault in Goodlettsville. Husband needs to be able to legally pick them up in the U-Haul, while driving North toward Michigan, as Husband moves there for the foreseeable future.)

4. That the court divide any proceeds remaining from the sale of the home 50/50, while ordering both parties to continue assuming responsibility for the debts in their respective names. (Whether that be by bankruptcy or however the parties can.) Husband requests that his half of the split be paid directly to his mother, "Marsha A. Fenton" [REDACTED] to help setup a trust for the future needs of Husband, educationally or otherwise. (Provided there is enough money to justify doing so.)

5. That in addition to the 50/50 split requested above, that the court repay Husband's mother, "Marsha A. Fenton" [REDACTED] \$10,000 directly out of Wife's

share of the sale proceeds, prior to paying any other debts, obligations, or creditors, except for the two mortgages. This is to reimburse Husband's mother for the expense of defending Husband against these totally unnecessary litigious claims, without even addressing the divorce yet in a conventional manner. Wife had previously assured Husband that she was finished with her litigious assaults, yet Wife still elected to execute her largest, most unfair, brilliant, but absolutely devastating legal assault upon Husband to date, again, without a moments warning. Husband therefore request the court to order Wife to repay Marsha A. Fenton for her resulting losses.

6. That at least a sum of \$21,000 be paid to Husband's mother, Marsha A. Fenton, to repay Husbands debts to her, prior to paying off any other debts, obligations or creditors, except as stated herein.

7. That the court payoff the outstanding balances to Husband's legal counsel \$8,600 to Marty Duke and \$2,579.39 to Schaffer Law Firm, directly out of Wife's share of the sale proceeds, immediately following the repayment of Husband's mother, prior to paying off any other debts, obligations or creditors, except as stated herein.

8. That the court award Husband transitional alimony, which the court automatically deducts from wife's paycheck, in the amount of \$1,000 per month, for a period of four years, and wife be ordered to have her bankruptcy plan modified to compensate for this.

9. If there are any emergencies where Wife cannot legally pay alimony for any reason, that all missed payments be added onto the end of the four years, so that the overall benefit to Husband is not diminished in the end. (With the proposed alimony of \$1,000 per

month for a period of 4 years, that would equal a total alimony to be paid by Wife to Husband, of \$48,000.)

10. That after the full four year term of alimony is paid, by Wife to Husband, after having made up for any months missed throughout, that Wife should owe Husband, no more alimony or support of any kind, ever again, regardless of Husband's health, need or any other circumstances, conditions, or factors.

11. That Wife's employer keep Husband insured, as Mr. Ken Adkisson previously promised until the end of this year, or until Wife is no longer employed with that firm, whichever comes first.

12. That afterwards, Husband be responsible for his own insurance needs, without demand or oversight by this court.

13. That the court would order that neither the Wife, nor her counsel, can further litigate, sue, or harass husband, by means of legal actions or otherwise.

14. That the court order a "do not contact" on both parties for a period of one year, regarding the other.

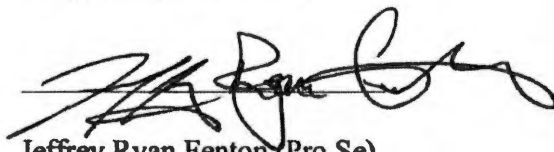

15. That both parties execute mutual lifetime "hold harmless" agreements, to include protection both to and from their families, employers, and friends, in addition to themselves.

16. The court order the auction date to be extended by a period of three-weeks after the final litigation is entered/heard in this matter, or after a 2-month moratorium is ordered by the court, forbidding anymore legal filings, until Husband has had an opportunity to complete his move to Michigan and get settled. During which time Husband

is not to be disturbed by any of the parties in this matter, so that he can focus on packing and realistically have a chance to complete it, on such a short deadline.

17. An Order be entered allowing Wife to sign any necessary listing contracts or agreements to sell the home including closing documents on behalf of she and Husband.

August 28, 2019

To Whom it May Concern:

I'm writing at the request of my client, Mr. Jeff Fenton, to explain his mental health challenges and their effects on his general functioning. I am licensed as a clinical social worker in Tennessee, and I have a private psychotherapy practice in Brentwood. I have been providing psychotherapy services for thirty years. My specialty is in helping adults with attention deficit hyperactivity disorder (ADHD).

I began seeing Mr. Fenton May 3, 2018. His primary concerns for which he sought my help were marital problems and effects of his ADHD. He has a history of particular difficulties with occupational functioning due to extraordinary perfectionism and getting lost in details, which contribute to inefficiency and missed deadlines. This particular challenge, along with certain other features, are consistent with symptoms of obsessive compulsive personality disorder. ADHD and OCPD have been the focus of Mr. Fenton's psychotherapy. He also has specific phobias and social anxiety, which have not been the primary focus in therapy.

ADHD is a neurological condition that makes it difficult to manage one's attention and inhibit impulses. It is often misperceived as an inability to focus rather than difficulty managing and shifting the focus of one's attention. Adults with ADHD often have difficulty returning to open awareness when locked into a focused state of awareness. They often have trouble activating and sustaining effort on monotonous tasks, organizing and prioritizing tasks, keeping track of items needed for tasks, estimating and tracking time, managing emotions skillfully, inhibiting speech and action (tending to talk excessively and interrupt others), and inhibiting impulses.

Obsessive Compulsive Personality Disorder is characterized by "preoccupation with orderliness, perfectionism, and mental and interpersonal control, at the expense of flexibility, openness, and efficiency," according to the DSM-5 (Diagnostic and Statistical of Mental Disorders - 5th edition). Individuals with this disorder try "to maintain a sense of control through painstaking attention to rules, trivial details, procedures, lists, schedules, or form to the extent that the major point of the activity is lost." They may get so caught up in the details of a project that they don't complete it, or they miss deadlines. It can take them a long time to complete a task due to this excessive preoccupation with details. They are often "inflexible about matters of morality, ethics, or values and may force themselves and others to follow rigid moral principles and very strict standards of performance." They often have trouble delegating tasks to others, as others must conform to their way of doing things. Those tasks must be done "correctly." They tend to "plan ahead in meticulous detail and are unwilling to consider changes." Their ability to compromise may be compromised by the inflexibility. They are uncomfortable with relationships and situations in which they are not in control or where they must rely on others. They are uncomfortable with the unpredictable.

RE: Fenton v Fenton

Case# 48419B

One effect of the OCPD is Mr. Fenton's communication when dealing with conflict. His excesses in speech and writing can appear imposing or hostile. He acknowledges his compulsion to communicate excessively. The compulsion is driven by an undercurrent of unsettled feelings that persist until he is certain there is no possibility of being misunderstood. This pattern is consistent with the disorder (OCPD). His effect on others—i.e., anyone receiving the excess of communication—is often lost on him, as his attention is locked into the effort to be understood. Consequently, those efforts are experienced by others as intense and sometimes hostile.

Mr. Fenton is aware that he has more work to do on this problem. He recently requested that we focus less on the present crisis and more on managing the challenge of coping effectively with the symptoms ADHD and OCPD, and decreasing self-defeating behavior. Due to both conditions, Mr. Fenton's excessive attention to what he wants to communicate obstructs him from being aware, in a given moment, of effects of his efforts (e.g., the impact of the volume of his voice when speaking, or the volume of information when writing).

Mr. Fenton has been forthcoming in psychotherapy sessions and has been open and willing to be challenged with respect to his symptoms and their effects. He acknowledges mistakes when they are pointed out and is working to understand how his best intentions sometimes go awry, and his persistent efforts can be self-defeating.

Mr. Fenton has never expressed any intention of harming himself or others during the sixteen months that I have known him. I have never had reason to suspect any intention to harm himself or others. He has participated frequently in a support group for adults with ADHD. He has participated actively and has offered help to others in the group.

Thank you for consideration of the role that mental health and disability have played out in Mr. Fenton's life and relationships. His participation in psychotherapy and related services will continue.

Respectfully,

Terry M. Huff, LCSW

RE: Jeffrey Fenton, DOB: 10/08/19/69

Jeff Fenton has been a patient under my care since February 2012. He has been diagnosed with a Generalized Anxiety Disorder, Attention Deficit Disorder, and some Obsessive Compulsive Personality traits. He has been complaint with both his psychiatric medications prescribed and his individual psychotherapy with Terry Huff, LCSW.

The symptoms of his illnesses have interfered with his ability to maintain employment, despite compliance with our treatment recommendations. His condition does not predispose him to any violent behavior and, to my knowledge, he has not been involved in any violent behavior since being a patient under my care.

If you have any further questions regarding his diagnosis, treatment, or prognosis, please contact me with his permission.

To Whom It May Concern:

Jeffrey Fenton has been a patient under my care since 2012. He is treated for a severe Generalized Anxiety Disorder, Attention Deficit Disorder, and suffers from an Obsessive Compulsive Personality Disorder. He also has specific phobias regarding weather, driving across bridges, and flying, along with obsessive concerns over his health.

His symptoms of severe anxiety, obsessive worry, preoccupation with details and rules, perfectionism, inflexibility, and problems with rigidity have all interfered with his ability to hold a job and have a healthy relationship.

I have prescribed medication including Lexapro 40 mg a day, Vyvanse 70 mg a day, Xanax 1 mg every six hours as needed, and Restoril 30 mg at night for chronic insomnia. He also has continued to see Terry Huff, LCSW, in psychotherapy. Despite his compliance with his medication and therapy, his symptoms continue to be disabling.

Please consider Mr. Fenton's severe psychiatric condition in any judgments being made about his ability to work and his ongoing divorce. If you have any questions regarding his treatment or prognosis, please contact me with his permission.

Obsessive Compulsive Personality Disorder

By **Steve Bressert, Ph.D.**

Last updated: 23 Apr 2019

~ 4 MIN READ

Obsessive-compulsive personality disorder is characterized by a preoccupation with orderliness, perfectionism, and mental and interpersonal control, at the expense of flexibility, openness, and efficiency.

When rules and established procedures do not dictate the correct answer, decision making may become a time-consuming, often painful process. Individuals with obsessive-compulsive personality disorder may have such difficulty deciding which tasks take priority or what is the best way of doing some particular task that they may never get started on anything.

They are prone to become upset or angry in situations in which they are not able to maintain control of their physical or interpersonal environment, although the anger is typically not expressed directly. For example, a person may be angry when service in a restaurant is poor, but instead of complaining to the management, the individual ruminates about how much to leave as a tip. On other occasions, anger may be expressed with righteous indignation over a seemingly minor matter.

People with this disorder may be especially attentive to their relative status in dominance-submission relationships and may display excessive deference to an authority they respect and excessive resistance to authority that they do not respect.

Individuals with this disorder usually express affection in a highly-controlled or stilted fashion and may be very uncomfortable in the presence of others who are emotionally expressive. Their everyday relationships have a formal and serious quality, and they may be stiff in situations in which others would

Obsessive Compulsive Personality Disorder

smile and be happy (e.g., greeting a lover at the airport). They carefully hold themselves back until they are sure that whatever they say will be perfect. They may be preoccupied with logic and intellect.

A personality disorder is an enduring pattern of inner experience and behavior that deviates from the norm of the individual's culture. The pattern is seen in two or more of the following areas: cognition; affect; interpersonal functioning; or impulse control. The enduring pattern is inflexible and pervasive across a broad range of personal and social situations. It typically leads to significant distress or impairment in social, work, or other areas of functioning. The pattern is stable and of long duration, and its onset can be traced back to early adulthood or adolescence.

Symptoms of Obsessive-Compulsive Personality Disorder

A pervasive pattern of preoccupation with orderliness, perfectionism, and mental and interpersonal control, at the expense of flexibility, openness, and efficiency, beginning by early adulthood and present in a variety of contexts, as indicated by four (or more) of the following:

- Is preoccupied with details, rules, lists, order, organization, or schedules to the extent that the major point of the activity is lost
- Shows perfectionism that interferes with task completion (e.g., is unable to complete a project because his or her own overly strict standards are not met)
- Is excessively devoted to work and productivity to the exclusion of leisure activities and friendships (not accounted for by obvious economic necessity)
- Is overconscientious, scrupulous, and inflexible about matters of morality, ethics, or values (not accounted for by cultural or religious identification)
- Is unable to discard worn-out or worthless objects even when they have no sentimental value
- Is reluctant to delegate tasks or to work with others unless they submit to exactly his or her way of doing things
- Adopts a miserly spending style toward both self and others; money is viewed as something to be hoarded for future catastrophes

.189

Obsessive Compulsive Personality Disorder

- Shows significant rigidity and stubbornness

Because personality disorders describe long-standing and enduring patterns of behavior, they are most often diagnosed in adulthood. It is uncommon for them to be diagnosed in childhood or adolescence, because a child or teen is under constant development, personality changes, and maturation. However, if it is diagnosed in a child or teen, the features must have been present for at least 1 year.

Obsessive-compulsive personality disorder is approximately twice as prevalent in males than females, and occurs in between 2.1 and 7.9 percent of the general population.

Like most personality disorders, obsessive-compulsive personality disorder typically will decrease in intensity with age, with many people experiencing few of the most extreme symptoms by the time they are in their 40s or 50s.

How is Obsessive-Compulsive Personality Disorder Diagnosed?

Personality disorders such as obsessive-compulsive personality disorder are typically diagnosed by a trained mental health professional, such as a psychologist or psychiatrist. Family physicians and general practitioners are generally not trained or well-equipped to make this type of psychological diagnosis. So while you can initially consult a family physician about this problem, they should refer you to a mental health professional for diagnosis and treatment. There are no laboratory, blood, or genetic tests that are used to diagnose obsessive-compulsive personality disorder.

Many people with obsessive-compulsive personality disorder don't seek out treatment. People with personality disorders, in general, do not often seek out treatment until the disorder starts to significantly interfere or otherwise impact a person's life. This most often happens when a person's coping resources are stretched too thin to deal with stress or other life events.

A diagnosis for obsessive-compulsive personality disorder is made by a mental health professional comparing your symptoms and life history with those listed here. They will make a determination whether your symptoms meet the criteria necessary for a personality disorder diagnosis.

Causes of Obsessive-Compulsive Personality

190

Obsessive Compulsive Personality Disorder

Disorder

Researchers today don't know what causes obsessive-compulsive personality disorder, however, there are many theories about the possible causes. Most professionals subscribe to a biopsychosocial model of causation – that is, the causes are likely due to biological and genetic factors, social factors (such as how a person interacts in their early development with their family and friends and other children), and psychological factors (the individual's personality and temperament, shaped by their environment and learned coping skills to deal with stress). This suggests that no single factor is responsible – rather, it is the complex and likely intertwined nature of all three factors that are important. If a person has this personality disorder, research suggests that there is a slightly increased risk for this disorder to be "passed down" to their children.

Treatment of Obsessive-Compulsive Personality Disorder

Treatment of obsessive-compulsive personality disorder typically involves long-term psychotherapy with a therapist that has experience in treating this kind of personality disorder. Medications may also be prescribed to help with specific troubling and debilitating symptoms. For more information about treatment, please see **obsessive-compulsive personality disorder treatment**.

MOTION TO DEEM HUSBAND SERVED

COMES NOW the Plaintiff/Wife, Fawn [REDACTED] Fenton (hereinafter "Wife"), by and through her attorney of record, Virginia Lee Story, and files this Motion to Deem Husband Served and in support of her Motion, would state as follows:

1. Wife filed her Complaint for Divorce on June 4, 2019.
2. Counsel for Wife hired a private process server, Lori Polk, to attempt personal service on Husband.
3. Ms. Polk attempted to serve Husband at his residence located at 1986 Sunny Side Drive, Brentwood, Tennessee on June 5, June 6, and June 8 to no avail. (See Affidavit of Lori Polk which was previously filed with the Court on June 11, 2019 and is attached to the Affidavit of Reasonable Efforts filed simultaneously with this Motion.)
4. Husband has installed numerous cameras around the home and posted a "No Trespassing" sign on the property. (Photo of sign is attached to Affidavit of Lori Polk.)
5. After Ms. Polk communicated that she was unable to serve Husband at the marital residence, counsel for Wife attempted service via certified mail as stated below. Counsel also mailed via U.S. first-class mail a copy of the Complaint which has not been returned by the post office. Based upon the numerous emails and texts from Husband to Wife, it is clear that Husband is aware of the Complaint and he is avoiding service. A copy of the Complaint has also been sent

to Husband via email.

6. A file-stamped copy of the Summons and Complaint for Divorce was sent to Husband via certified mail, return receipt requested, on June 11, 2019. On June 17, 2019, counsel for Wife received the return receipt for the certified mail which had been signed. The signature on the return receipt is that of an adult roommate who is currently residing with Husband.

7. Wife believes that Husband is trying to evade service.

8. That Husband be deemed served pursuant to Tennessee Rules of Civil Procedure 4.04(1) which states that service is made:

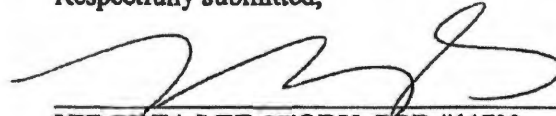

Upon an individual other than an unmarried infant or an incompetent person, by delivering a copy of the summons and of the complaint to the individual personally, or if he or she evades or attempts to evade service, by leaving copies thereof at the individuals dwelling or usual place of abode with some person of suitable age and discretion then residing therein, whose name shall appear on the proof of service, or by delivering the copies to an agent authorized by appointment or by law to receive service on behalf of the individual served.

9. That Wife has also filed an Alias Summons on June 11, 2019 requesting that service on Defendant be attempted by the Sheriff's Department. To date, the Sheriff's Department has not been successful in serving Defendant.

10. That counsel for Wife has made all attempts to obtain personal service on Defendant to no avail. (See Affidavit of Reasonable Efforts attached hereto as Exhibit 1.)

WHEREFORE, premises considered, Wife respectfully requests that this Court grant her Motion to Deem Husband Served and that she be awarded her attorney fees for having to bring this Motion.

Comes now, Virginia Lee Story, attorney of record for the Petitioner, and after being first duly sworn, states as follows:

1. I am over 18 years of age and have personal knowledge of the following facts.
2. On June 4, 2019, I filed a Complaint for Divorce on behalf of my client, Fawn [REDACTED] Fenton.
3. That I have sent a file-stamped copy of the Summons and Complaint to Defendant on June 12, 2019 via certified mail.
4. That I received a signed return receipt for the Summons and Complaint on June 17, 2019.
5. That upon information and belief the signature on the return receipt is that of an adult roommate that is currently residing with Defendant. Pursuant to Tennessee Rules of Civil Procedure if a party is avoiding service, the service may be accepted by an adult living in the home.
6. That I have also attempted personal service via a private process server, Lori Polk, who attempted service on three separate occasions to Defendant's residence to no avail (see attached Affidavit of process server). After the process was attempted, Husband posted signs that he would prosecute those entering the property.
7. The Defendant is clearly evading service of the Summons and Complaint for Divorce. In 2018, Plaintiff filed for Divorce and Defendant avoided service for several months costing her enormous expense and wasting considerable time. The Defendant has installed video

and audio surveillance, blackout window shades, and physical gates and barriers specifically for the purpose of detecting and avoiding personal service.

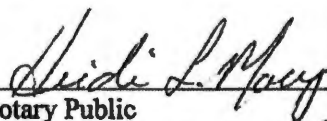

8. That Defendant should be deemed served pursuant to Tennessee Rule of Civil Procedure 4.04(1) so this matter may proceed to conclusion. NOTICE:

To the Defendant(s): Tennessee law provides a ten thousand dollar (\$10,000.00) personal property exemption from execution or seizure to satisfy a judgment. If a judgment should be entered against you in this action and you wish to claim property as exempt, you must file a written list, under oath, of the terms you wish to claim as exempt with the clerk of the court. The list may be filed at any time and may be changed by you thereafter as necessary, however, unless it is filed before the judgment becomes final, it will not be effective as to any execution or garnishment issued prior to the filing of the list. Certain items are automatically exempt by law and do not need to be listed; these include items of necessary wearing apparel (clothing) for yourself and your family and trunks or other receptacles necessary to contain such apparel, family portraits, the family Bible, and school books. Should any of these items be seized, you would have the right to recover them. If you do not understand your exemption right or how to exercise it, you may wish to seek the counsel of a lawyer. Mail list, including docket number, to: Clerk and Master, P.O. Box 1666, Franklin, TN 37065.

PROTECTED...AND CONNECTED!

ADVANCED COMMUNICATIONS

Thanks to Honeywell's VISTA security system, you can make sure that the most reliable technology is protecting your property and the people you love. VISTA can communicate alarm signals with more than just a phone line—giving you more flexibility by using the Internet and GSM wireless radios as either the primary or backup method of alarm transmission. It's a great solution for cell phone-only homes or people that rely on Voice Over IP (VoIP) digital telephone service.

VISTA's built-in communicators can provide you with enhanced security by alerting you when a child comes home from school, if a valuable object has been moved, if extreme temperature is detected and more. VISTA is a system that provides added reliability, security and convenience. It's simply the best way to stay protected...and connected.

VISTA provides a range of options that keep you aware of what's going on in and around your home and provide you with the peace of mind and protection you deserve. Choose from:

- Keypads that are easy to use and put security at your fingertips. Choose from standard or wireless versions, keypads that speak, or sleek graphic touchscreens that match any décor and double as digital picture frames.
- Fire and Life Safety Products including professionally installed wireless smoke, heat and carbon monoxide detectors that are connected to your alarm system and can be monitored 24 hours a day.
- Remote Controls that let you arm and disarm your security system from a distance, activate panic alarm and control lights and garage doors
- Environmental Sensors to help prevent spoilage, damage from flood and extreme temperatures. They're ideal for basements, bathrooms, kitchens, freezers and laundry rooms.
- Wireless Indoor Theft Prevention Sensors that alert you when an attempt is made to move or disturb valuable objects within your home, including flat screen TVs, heirlooms, paintings and more—even when the system is disarmed
- Wireless Outdoor Motion Sensors that alert you when someone is on your property. They are ideal for sheds, garages, pool areas and driveway alerts.
- Glassbreak Detectors provide shatter and shock protection for your windows to further enhance your perimeter protection

TOTALLY CONNECTED!

You can opt to combine your security system with Honeywell's Total Connect Remote Services, which let you utilize the Internet and various mobile devices to view live video and receive updates about activity in and around your home wherever you are.

- If flood or extreme temperature change is detected, if motion is sensed in a specific indoor or outdoor area or if a protected asset is moved, you can receive e-mail alerts and notification via your PC or laptop, iPhone®, iPad™, cell phone or BlackBerry®. A free, convenient Apple® iPhone App is also available.

- The system can be customized to trigger an alarm in several ways, including sending a message, recording from a video camera or chiming a keypad
- Multiple account capability—lets you monitor vacation homes, investment properties and businesses with one log-in

The Ultimate Protection

With VISTA, you'll have the ultimate protection—knowing that the proper authorities can be summoned to your home in the event of a burglary, fire or other emergency regardless of the communications path used. Ask your security professional for more information!

Because of the size of your order, I am authorized to offer you our maximum discount of 10%.

I added our price for the 5828V (\$142.99). I also matched the HSS prices on the two items not listed on our website, the 6272CSV and the 748 Siren.

8/14/2011

I also added a transformer for the 5800RP (\$17.99) which I recommend for your order.

The total (you may need to check my math) comes to \$3883.61. With our 10% discount, the total price for the order would be \$3495.25. This is practically cost for the equipment, but our goal is to retain happy monitoring clients. Yes, the magnets are included with the equipment. If you have any additional questions, or want to go ahead with placing the order, just let me know so I can assist you.

Hello Jacob,

Please find attached a list of Honeywell equipment that I'm going to purchase. If your company can match the prices of the Home Security Store, then I'll gladly give your company the entire order (along with a 3 year monitoring contract with Total Connect), otherwise I'll have to go with what makes the most sense financially.

I want to place this order ASAP, so please let me know what your company is willing to do.

Subject: RE: NO Trespassing Signs for Fence | Feedback Requested: Sign Sizes

Hello,

Hm, I find that red-and-white stop sign to be TOO eye-catching, and therefore an offensive eye-sore, right where I pull up my car every day and see it.

Would you maybe consider this sign instead?

<http://www.mysecuritysign.com/Private-Property-Signs/Premises-Protected-24-Hours-No-Trespassng-Sign/SKU-K-7496.aspx>

and have the small text customized to say "these premises under 24 hour surveillance".

12"x18" size?

Have you considered the reflective-aluminum ones? Looks like only a couple bucks more?

Thank you for asking my opinion!

=)

Subject: NO Trespassing Signs for Fence | Feedback Requested: Sign Sizes
Importance: High

Hello Lovie,

I'd like you to weigh-in regarding two of the "No Trespassing" signs that I'm planning to purchase.

About "No Trespassing" laws in Tennessee:

- <https://www.youtube.com/watch?v=Ir6Tzi9g9Q>
- <http://law.justia.com/codes/tennessee/2010/title-39/chapter-14/part-4/39-14-405> (See Section 'C')
- http://www.ehow.com/how_6604312_enforce-trespassing-signs-tennessee.html

I've already purchased (and have received) 3 "designer", decorative residential, "No Trespassing" signs for our front yard, to comply with the requirements of TN State law, for us to have legal grounds to press criminal charges (misdemeanor offense) against anyone found to be trespassing on our property, provided that they accessed our property from the street.

- One sign (<http://www.mysecuritysign.com/No-Trespass-Sign/Private-Property-STOP-Sign/SKU-K-7395.aspx>) will be posted on each side of our driveway (so it can't be missed), near the street, at the bottom of our tree line, between us and the Mosses.

- One sign (<http://www.mysecuritysign.com/Video/Oval-Designer/Sign/SKU-K-4574.aspx>) will be posted at the base of our front porch, for anyone who may have parked on the street and walked across our front yard, thereby being able to claim that they "didn't see" the signs posted on our driveway.
- We already have these three signs in our possession, and they are the ones that we will be installing the black posts into the ground for mounting, as I've already mentioned to you.
- I tried to select the nicest looking, clear and concise signs as I could, for these three, because they will stand-out more than the others.
- I didn't mention "surveillance" on the signs near the road, because I felt that was irrelevant as long as they stayed OFF of our property. (Plus it was more of an outstanding eye-soar near the street.) There is a legal requirement to inform people that they are being recorded (audio and video) once they do come onto our property though (both indoors and outdoors). Actually the laws are more strict in regards to recording audio than video, more along the lines of "wire-tapping" or "eavesdropping", and the individual's personal RIGHT to know.

In addition to these three "posted" signs, I will be purchasing four more signs to hang on our fences. One to go near the gate on each side of our house, and one to go on each of the short sections where the fence terminates, up in the woods. These four signs are what I'm currently in the process of purchasing. I'm in discussions with the sign manufacturer to customize one of their stock signs (<http://www.mysecuritysign.com/signs/video-security-surveillance-sign/sku-K-4703.aspx>), to make it more appropriate for a residential application, instead of a commercial building, for which it appears to have been originally designed.

- Stock Sign: <http://www.mysecuritysign.com/signs/video-security-surveillance-sign/sku-K-4703.aspx>
- Requested changes:
 - I'd like to replace the words "**SECURITY ALERT**" with "NO TRESPASSING".
 - I'd also like to replace the word "**PROPERTY**" with "PROPERTY".

I spent an entire DAY looking through hundreds of "no trespassing" and "surveillance" sign designs, what I like about this sign is the simplicity and clarity, without being obnoxious. Yes, it costs a little bit more to have it customized, but it is worth it to me to make it more suitable for our residential application. When manufactured with the higher grade materials (you can choose plastic or metal), it is only about \$10 more per sign than the stock design.

What I like about this design and why I selected it:

- The simplicity and clarity, without being obnoxious.
- The classic "STOP" sign look, catches your attention and speaks universally.
- I think the design sort of "draws you in" and makes you curious, rather than "pushing you away" with a plethora of text, listing a slew of offenses and warnings.
- I like the small video cameras on both sides, rather than a large central graphic.

- The fact that it says "SURVEILLANCE" instead of "Video Surveillance". IF we choose to SPECIFY "Video Surveillance", then rightly by law we should specify "Audio Surveillance" as well. This gets to be a lot of jumbled crap to put on a sign. I prefer just warning that there is "24 Hour Surveillance" without SPECIFYING whether it is "audio" or "video" or BOTH.

IN the woods I'm planning to install two 18" x 18" signs, one on each side where our fence terminates, as previously described.

HERE IS THE PART THAT I WANT YOUR FEEDBACK ON:

For the two signs that will be attached to our fence, mounted NEAR the GATES, one on each side of our home, I had originally planned for those to be the smaller 10" x 10" signs (they are about HALF the cost of the larger signs, when using the STOCK designs). However, after getting pricing with the customizations that I requested, it will COST THE SAME for the 10" x 10" signs as it will for the 18" x 18" signs. So the question that I have, is with it ALL COSTING THE SAME, which SIZE do YOU PREFER that we purchase to attach to our fence, NEAR the GATES, on both sides of our home?

- 10" x 10"
- 12" x 12"
- 14" x 14"
- 18" x 18"

Please let me know your preference. Likewise, if for some reason you dislike this design, please feel free to suggest an alternative, just please bear in mind the legal purposes for which it is being purchased: BOTH to protect our property from trespassers, while ALSO meeting our legal obligations to INFORM guests that we use audio & video surveillance throughout our property.

I'd like to order this within the next 48 hours if possible. Please let me know your thoughts.

Thanks Lovie! ☺

I thought that the 10" x 10" stop signs would look good on the gates... not too loud in my opinion. Again, it conveyed a lot of information without being too obnoxious or slow and difficult to read.

Yes, that's what I meant, use the big STOP sign ones for the ends of the fence in the woods. Only get less-obtrusive ones at the gates, since they're highly visible.

We could still specify the two 18" x 18" stop sign looking ones for in the WOODS, at the termination points, and just select something different for the two gates...?

Your thoughts?

We might could use it if you prefer. To be honest, I really didn't look at those very much, I thought they were too small. They look more like a sign that you put directly on an entry door. I'm not planning to attach these TO the gate, I'm planning to attach them to the panel immediately adjacent to the gate. They might be ok if you really prefer them.
