US DIST COURT
MID DIST TENN

Good afternoon. My name is Ryan Cobb. I'm calling for Jeffrey Fenton.

I'm an assistant United States Attorney in Grand Rapids, Michigan.

I'm calling regarding the lawsuit you've filed in the Western District of Michigan against a host of parties including Judge Walker, who is a bankruptcy judge down in Tennessee.

I'll be representing him and I'm planning on filing a motion to dismiss your claims against him.

Under local rules, I need to try to discuss that with you, which is what I'm doing now, happy to explain the basis for the motion to dismiss. If you want to return my call, my number is 616-456-2404, and then you can just ask to speak to me Ryan Cobb (ryan cobb). Again, 616-456-2404. Thank you.

I don't know how to describe the feeling, when you've been forced to accept the fact that you have been betrayed by your own government, while fighting for years against alleged "public servants" and powerful people who hold offices of public trust, when never was there any basis for trusting them in the first place, let alone placing them in charge of our lives, families, liberty, and property, with almost no meaningful mechanisms of transparency or accountability whatsoever. People who hold their own words higher than those of our creator and our federal constitution.

Then for the first time to get a phone call from a **United States Attorney**, and to think for just a split second that finally someone had seen the evidence in my case, showing the crimes committed against me and my family, under the color of law, by the conspiring Tennessee courts and counsel, and **called in the calvary to protect me**, to help hold the bad actors accountable... finally... better late than never. Only to realize a sentence or two later just how outrageously incorrect my momentary lapse from reality had been.

Instead "our" government had sent in **another attorney**, employed by our tax dollars, **seeking to defeat me and justice**, by dismissing my lawsuit with more frivolous claims. To continue cheating myself and my family out of our lives, liberty, and property, when they never had an ethical or lawful cause for touching any of it in the first place.

Sadly, this is the "*practice of law*" in the United States of America today. If truth be known, there is no greater threat to this nation or the people, either foreign or domestic, than those who pretend to "*practice law*" in our courts every day, without respect for the inalienable natural rights of every man, woman, and child; many whom have no honest interest, reverence, or concern about real justice.

Mr. Fenton,

I will be representing Judge Walker in this action. I'm writing to seek concurrence in removing Judge Walker's private address from the pleadings filed in this matter. He has privacy and safety concerns about having that address be publicly available and we would like it redacted from the filings. If you concur, I will send you a stipulation to redact it from the filings. If not, I will go ahead and file a motion.

Thank you,
Ryan Cobb

Hello Mr. Cobb,

Unfortunately, I did not receive (or see) this email until after you filed your motion with the court yesterday.

I have absolutely no objection to your client keeping his address confidential, though it was obtained from public sources.

My only concern is the amount of work which your motion proposes taxing me with being overly broad, excessive, unnecessary, and unsustainable currently; unless the court orders a substantial stay (without jeopardizing any timelines) so that I can dig through documents, make the redactions, reprint and refile them... while this could have a very substantial, unforeseen, and difficult to calculate and predict, ripple effect by changing the page citations throughout the entire lawsuit of over 5,000 pages, which would be insane to merely redact a few sentences, which contain his street address on them. That would be extremely overburdensome for the simple outcome desired.

Additionally, the court might want me to serve the redacted documents to the defendants again, which would burden me with thousands of dollars' worth of expenses which I don't have the resources to even consider. That would require significant consideration/compensation/assistance provided by your client, the government, or the court to facilitate.

Another substantial concern is that this whole process could cost me a month of down-time, during a transition between courts, when I have no time to spare. That presents problems on several fronts, including the holding costs of suspending relief in these matters.

I understand that you said your client is concerned about his privacy and safety, though this information was publicly obtained and is readily available through other sources, while I had no idea this concern existed. I am very concerned about my privacy and safety also due to the criminal actions by many of the defendants in this case, which I have been trying to protect myself against, by seeking a protective order (ECF 17), for almost a year now, without relief. Hence, I am sympathetic to the concern and willing to work with you, but in a far less dramatic capacity, without gutting this case or causing citations problems, the full extent of which can't even be meaningfully calculated or understood without significant work.

To my knowledge, defendant Walker's address isn't listed anywhere publicly except on the FAC (literally one line) and summonses (literally two lines), along with some proofs (literally one or two lines) of defendants dodging service or refusing to confirm service by correctly signing their names per the rules for USPS restricted delivery, as required by the court. (They created the last problem themselves.) I don't know of more than a half-dozen pages this involves, out of over a 5,000-page court record currently, while of those roughly six pages, only one or two lines needs to be redacted from each.

Here is what I suggest, if you are willing to work together toward getting this done quickly, rather than arguing over it in motions and objections while waiting for the court to decide:

- If you withdraw your current motion, so we don't need to waste time and resources arguing this before the court, and instead you file a motion asking the court to simply redact his address from the very few pages it is on in the court record.
- Then I am willing to redact his street address from those documents which are available through my websites, while agreeing not to include his address on any documents which I create in the future, either produced for the public or filed in court.
- In my mind this makes far more sense and is a far more productive use of time and resources, than having the court be the arbitrator of this matter. We don't fundamentally have opposing interests, except as to the means of execution.

It would be substantially more efficient to have the court redact that which they have in their files, and I would then be happy to redact that which I provide publicly, without creating a substantial workload for anyone or making this into a major project.

I'm completely willing to cooperate, but I will need to object to your motion as it stands, unless you withdraw it, because it is unreasonably broad and burdensome upon me, while being wholly inefficient and unnecessary. I'd compare your motion to demolishing a city block to kill a fly. It's unreasonably excessive overkill.

Likewise, in the amount of time which I expect I will need to invest in filing my objections in court (with my communication disabilities), I could have already completed the task on the public side, through my website. (In the amount of time I have spent writing you this email, probably a couple of hours, I could have already accomplished a substantial portion of this.) Hence, if that is the route you insist upon proceeding, it will take me substantially longer, because I must prioritize writing my objections first, to protect my greater interests of not being ordered to do something which is overly broad and burdensome by the court, that I simply don't have the time and resources to complete, without necessary provisions and the court making special allowances.

There is no need to restrain me, I am a man of my word. I will agree not to file anything else containing defendant Walker's address, publicly or in this case, while I can think of no need to do so as long as he remains represented in this matter. I have no other interest or care in his address than compelling his appearance in this lawsuit, so that I can proceed with litigating towards a remedy. Again, we have no opposing interests or objectives in this matter, except how to facilitate the very minor changes needed.

Please let me know if you are willing to withdraw your motion and work with me as I have described, or if I need to focus my energy on drafting my objection to your motion while refiling my own motion for a protective order in this matter, in an effort to obtain the same safety for myself and my family as your client seeks. In absence of some confirmation by you, I will assume the later and continue to invest my resources accordingly.

Thanks.
Jeff Fenton

If it is acceptable to you, please sign it manually, scan it and return it to me (fax or email), and mail the original to me. Thank you mam.

I'm working at the moment to try to unredact the court record in Michigan, since there are only four words in my FAC which are specific to his address (street number, street name, Nashville), yet they chose to redact 32,741 words instead (my entire complaint) in lieu of just four words.

That is overly broad and unduly burdensome, that I even need to waste my time with this, but unfortunately I must.

I tried to describe that to United States Attorney Cobb, while comparing that to demolishing an entire city to kill a fly.

I'll be happy to help you squash the fly. Please don't squash the entire city or redact my FAC. 😊

I will look over your document this weekend and either have it back to you Monday, or address any outstanding concerns in the matter which we can discuss.

In an act of good faith, I will begin redacting his street address from the documents which I have hosted online regarding my lawsuit.

If I could get EVERYONE to make an appearance in the matter, and quit playing games dodging service, I would redact EVERYONE'S address... again, I have no interests contrary to their privacy. But some of them have chosen to be extremely evasive and have wasted a lot of extra time and money while trying to repeatedly serve them... with other outrageous antics such as mailing service back weeks later, etc... so forcing me to fight to get them served, and to substantiate that the service was GOOD, are my only interests regarding any of their addresses. If you are in a position to help button this up and end this needless waste of time trying to wrestle over service, I would honestly be happy to remove all of their addresses at the same time, while I could do so without requiring much more time than just redacting defendant Walker's.

Anyhow, I don't know what relationship you have with the others, if any, but I just thought I would throw that out there, in the interest of expediting past the bologna and protecting everyone's interests.

I assure you, the core issue of removing his address is of absolutely no concern to me at all. I take no issue with it. All I care about is implementation and not compromising the cohesion and comprehensibility of my lawsuit by the court or the public. (While trying not to create any more work for myself than necessary.)

Have a great weekend, and thanks for reaching out!

Thanks.

Hello Ms. Jones,

As previously expressed, I have no conflicts with redacting the four words comprising Judge Walker's address throughout any portion of the complaint and lawsuit, but that must be done without redacting or sealing substantial portions of any documents, otherwise I will need to seek leave from the court to resubmit the documents with just his address redacted, so not to compromise the integrity of my entire lawsuit, along with the public's interest in being able to follow the lawsuit without substantive portions missing.

Again, we are just talking about literally four words.

A stipulation limiting the redaction to the four words only (in a couple of different documents), I'd be happy to sign, but as previously stated it is overly broad and an unreasonable burdensome to redact and force me to refile entire documents.

In my mind, that is not only unreasonable, but shows motives to cover-up and hide the facts, evidence, and sworn testimony in my complaint, which are significantly contrary to the honest interests of Justice.

I'm is still needing to waste time in an attempt to correct this with the Michigan court, while it was a wholly unreasonable action on the part of the court in the first place.

Again, we are talking about the need to simply redact four words in two or three different documents.

Courts redact sensitive words and sentences all the time without redacting or sealing entire documents.

People are making this much more difficult for me than it needs to be. (Which causes me to question their motives.)

Please revise your stipulation for precise, extremely limited redactions (4 words), without any language consenting to the court performing substantive redactions of entire documents or sections, and I will be happy to join you in executing the stipulation.

Otherwise, I need to focus on explaining to both the Michigan and Tennessee courts why more substantive redactions are contrary to the honest interests of Justice while pointing out how unnecessary broad and burdensome redacting or sealing entire documents to literally redact four words is.

This seems really simple and common sense to me. If I must seek leave to refile my entire FAC, that will take me a couple of weeks to do once approved by the court.

Thank you.

EXPEDITED CONSIDERATION REQUESTED

JOINT MOTION TO REDACT PORTIONS OF FILED DOCUMENTS

Pursuant to Local Rule 5.03, Plaintiff and Defendant Hon. Charles Walker (Judge Walker) request that portions of filed documents be redacted, and agree as follows:

1. Judge Walker is a federal bankruptcy judge. He has expressed privacy and safety concerns relating to his private address being publicly disclosed in filings in this action.

2. There is good cause to remove judge Walker's address from the filings in this action. Judge Walker's privacy and security interests outweigh the public's interest in this private information, and the details of his address are not relevant to the merits in this action. *See In re Knoxville News-Sentinel Co., Inc.*, 723 F.2d 470, 474 (6th Cir. 1983); *Malhan v. Grewal*, Civil Action No. 16-8495 (CCC), 2020 WL 6689753, at *2 (D. N.J. Nov. 13, 2020); *Scheffler v. City of New Hope*, Case No. 18-cv-1690 (SRN/LIB) 2018 WL 6012181, at *2 (D. Minn. Nov. 16, 2018) (recognizing that "Judges, in particular, have a critical need to maintain their privacy because of the possible threat posed by dissatisfied litigants. . . ."); *Concerned Pastors for Social Action v. Khouri*, Case No. 16-10277, 2016 WL 8261002, at *1 (E.D. Mich. Oct. 25, 2016) (finding that witnesses' home addresses were irrelevant to the merits of the action and ordering redactions).

3. Redacting more than Judge Walker's address from the filings could have significant consequences, contrary to the interests of justice, which do not benefit the privacy interests mentioned, while potentially compromising the public's interest and ability to follow this lawsuit and understand how different elements and documents interact and relate with each other.

4. It is therefore agreed that the redactions shall be limited to a maximum of one sentence per document, and that entire pages, sections, and documents shall not be redacted or sealed in the record related to this concern.

5. It is further agreed that Judge Walker's name and state of domicile shall not be redacted or concealed in this lawsuit, but that his address number, street name, city, and zip code should be redacted by the Clerk of the Court, pursuant to this motion, for his privacy.

6. It is critical to Plaintiff and hence agreed by the parties herein, that this motion not have a broader impact than specifically intended and as is minimalistically necessary to conceal Judge Walker's residential street address from the public.

7. Accordingly, the Clerk of Court should redact the specific words in this lawsuit which contain or disclose Judge Walker's address number, street name, city, and zip code.

8. These filings include ECF No. 16-1, PageID.2293; ECF No. 66, PageID.4874, and ECF No. 95-1, PageID.5252, 5254.

9. The parties may not include Judge Walker's unredacted address in any future filings in this action.

Khouri*, Case No. 16-10277, 2016 WL 8261002, at *1 (E.D. Mich. Oct. 25, 2016) (finding that witnesses’ home addresses were irrelevant to the merits of the action and ordering redactions).

3. Accordingly, Defendant asks that the Clerk of Court redact from the ECF in this case any filings that include Judge Walker’s private address or, alternatively, seal the specific pages containing the information. These filings include ECF No. 16-1, PageID.2293; ECF No. 66, PageID.4874; and ECF No. 95-1, PageID.5252, 5254.

4. Defendant further asks the Court to order Plaintiff to refrain from including Judge Walker’s unredacted address in any future filings in this action.

5. Pursuant to Local Rule 7.01, Defendant’s counsel made attempts to consult with Plaintiff regarding this motion. Defendant’s counsel left Plaintiff a voicemail on October 31. Emails were exchanged between Plaintiff and Defendant’s counsel on November 1, 4, and 5. Defendant’s counsel left Plaintiff another voicemail on November 5. At the time of this filing, Defendant’s counsel has not secured Plaintiff’s assent to filing this motion jointly.

For the reasons discussed above, Defendant’s motion should be granted.

JUDGE CAMPBELL
MAGISTRATE JUDGE HOLMES

**MEMORANDUM IN SUPPORT OF EMERGENCY MOTION
TO REDACT OR SEAL PORTIONS OF FILED DOCUMENTS**

Pursuant to Local Rule 5.03, Defendant Honorable Charles Walker (Judge Walker) requests that portions of filed documents be redacted or sealed, stating as follows:

1. Judge Walker is a federal bankruptcy judge. He has expressed privacy and safety concerns relating to his private address being publicly disclosed in filings in this action.

2. There is good cause to remove Judge Walker’s address from the filings in this action. Judge Walker’s privacy and security interests outweigh the public’s interest in this private information, and the details of his address are not relevant to the merits in this action. *See In re Knoxville News-Sentinel Co., Inc.*, 723 F.2d 470, 474 (6th Cir. 1983); *Malhan v. To Jones, Anica (USATNM) <Anica.Jones@usdoj.gov>

You sent me the wrong attachment, and once you sent me the correct document I got it back to you within 24 hours executed.

I regret wasting any time on this, since I must now appeal overly broad and burdensome nonsense, contrary to the interests of Justice, under the guise of redacting four words, which I find it hard to believe have ever been the real concern, considering the actions taken.

You've created weeks more work for me, while making it sound as if I failed or refused to cooperate.

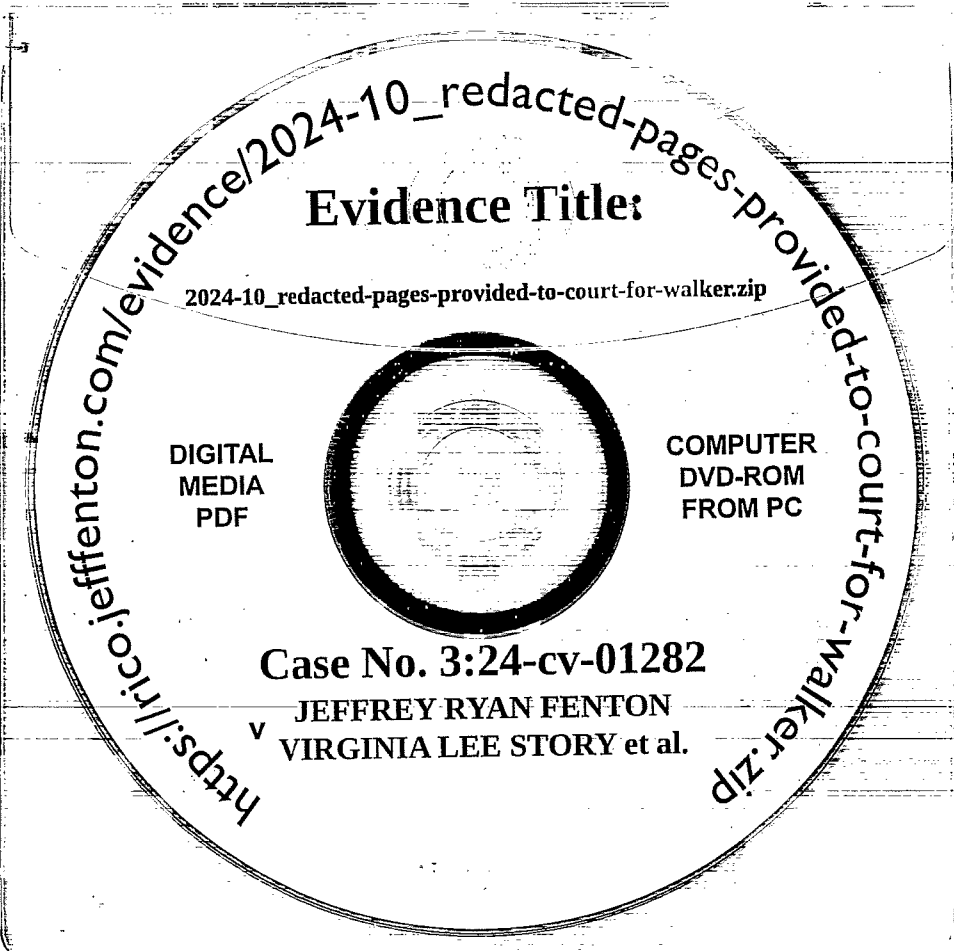

There have been a lot of people involved in covering up the multiple felony crimes committed by the courts and counsel in the preceding matters, while many of them held offices of public trust, swearing to uphold the constitution of the United States of America, while behaving like outlaws.

I will be clarifying the efforts I made to work with you on this matter, along with the real concerns I voiced, and how you chose not to care about the real interests of Justice in this matter, to instead create more work for me while helping to hide the truth from the public.

Please don't contact me directly again, but take all matters before the court for both transparency and accountability.
