1 month. She is an architect, works for a firm,
2 and Mr. Fenton was the IT person for the firm,
3 and he hacked the emails so he lost that job. He
4 is very intelligent. He has a high school
5 education, but he is a self-taught computer
6 genius.

7 And he also has -- or he had a real
8 estate license. I don't believe that's current.
9 He had a flip home of rental property in 2016, is
10 my understanding, but he never filed his tax
11 return for 2016, when he sold that home, and so
12 we've got a tax liability from 2-2016, standing
13 out there.

14 2017, 2018, my client did get the
15 tax returns filed, but they withheld everything
16 she paid in because they still haven't filed the

Transcript of defendant Story speaking on August 1, 2019, in Chancery Court

Since you can no longer realize the VALUE which I bring to your organization on my own, I'm out!

If you are agreeable, I will refund your \$2,500 deposit for your website rebuild, minus any reimbursable expenses (very minor), and a few office tech expenses which I have not yet billed you for. Then you can go hire ANYONE that you want to build your website, it will be **OFF MY PLATE!** I wish that it hadn't taken me so long to reach this conclusion, your website rebuild was the LAST web project that I've accepted (I've been turning people down for two years), because of how much TIME and coordination they require with clients to complete, yet I never seemed to be able to find TIME to rebuild your site, so I failed. I'd rather accept that and move forward, than continue to make empty promises and waste more of my TIME and YOURS.

Likewise, I'd like to end ALL of MY business with your company. I don't want Fawn to be stuck in the middle anymore. So if you need IT help, even if it is the smallest question that Fawn knows that I can answer in two minutes, please don't ask Fawn or anyone else to call me. I'm DONE! I will even refuse to help my loving wife, with any problems which she encounters in YOUR OFFICE.

I've provided detailed NOTES about most of the work that I performed inside the [IT] folder on your Server's desktop, so that someone could easily follow behind me. If they can't find the information they need there, then I'm sorry, they'll need to figure it out the same way that I did. I've tried to be very open and to document my work, but it all takes TIME, which costs more money... and no one is perfect. I'm not interested in being your on-call knowledgebase for any price. That's someone else's problem now!

Please hire a local website / hosting company / registrar / and administrator whom you personally TRUST (they can easily steal your digital assets, domain names, etc. if they are not
